'Luffer'

Defined as "a lull or period of quiet during a storm," "luffer" comes to us from Scotland's Orkney Islands. While the luffer is a storm's calm point, its opposite, the most intense part of the storm, is called the "linner."

(Weather Channel)

Easy Link to GYC Work Needs

We've made the link to our volunteer work needs easier (thanks Ken Patterson and Rich Allen). Simply go to the GYC website (www.geneseeyc.com) and if you are using a computer, the heading Volunteer Work Needs is in bold on the right. If you are using a phone, you scroll down to the same link.

Or you can just go to this link:

<https://geneseeyc.us1.list-manage.com/track/click?u=05e0137cb6dc51435fe6d882e&id=41d9bdf827&e=e2204e2089>

That will take you to SignUpGenius and on that page you will see a listing of all the available jobs. Currently there are 20+ jobs available with several slots on most of them. more to come.

Bob and Julie Blakley will have Cruising Club flags available at the next few memberships meetings for anyone that cruised during the 2024 season.

Where did the phrase “pipe down” originate?

At sea. It's the boatswain's call for all hands to turn in, and it became a colloquialism for “stop talking!” or “shut up!”
